Ntsonkotha SS

2015-2017

PROFILE

Highly motivated full-stack developer with a diploma in application development. I excel in diverse programming languages, methodologies, and database systems. Known for strong problem-solving and collaborative prowess, dedicated to achieving successful project outcomes. Currently, I am immersed in a 12-month internship at Younglings, where I am gaining valuable hands-on experience and contributing to impactful projects.

WORK EXPERIENCE

learnership program

CapaCiti 2023/07-2024/01

- For 6 months I have been a part of the full supportive team at CapaCiTi I worked on some projects including:
-
- Health service website for Kuyasa Clinic: This website help the community to be able to book an appointment, view the services that are offered by the clinic and be able to get daily updates and be able ask questions regarding their health.

Games, Banking application, Calculator

Duties:

- Agile team collaboration, 2-week sprints, and weekly scrum meetings.
- Proficient use of Git for version control and code reviews.
- Applied debugging tools to enhance software development life cycle.
- Languages : HTML5 &CSS3, Python, Java, JavaScript, Node.js, React Native

Internship

Younglings Jan/2024- Present

- I am currently employed at Younglings as a Junior Software Developer. In this role, I am tasked with creating real-life applications and websites using various technologies, frameworks, and databases.

Duties

- Develop real-life projects from conception to deployment at Younglings.
- Design projects using tools like Balsamiq and Figma.
- Utilize frameworks such as React and Tailwind CSS for development.
- Deploy projects using Firebase.
